

XVII International Congress on Reproductive Medicine DAY 1

January 17, 2023

08:30–10:00 Master class in endoscopic surgery

L.V. Adamyan, Ph. Koninckx, M. Malzoni, A. Romeo, A. Ussia, A. Wattiez

General principles and new trends in laparoscopic surgery

A. Wattiez, Dubai, UAE

How to do laparoscopic sutures right and safe with Romeo's Gladiator Rule Knot's tying technique?

How to fix the classical Knot's mistakes during surgery: the reorganization of the knots in laparoscopy

A. Romeo, Turin, Italy

Surgical energies: classics and innovations

Ph. Koninckx, Leuven, Belgium

10:00–11:00 Opening of the Congress

- Gennady Sukhikh, Director of the National Medical Research Center for Obstetrics, Gynecology and Perinatology
- Leila Adamyan, Deputy Director of the National Medical Research Center for Obstetrics, Gynecology and Perinatology, Head Specialist in Gynecology, Ministry of Health of Russia

Greetings

- Mikhail Murashko, Minister of Health of Russian Federation
- Alla Samoylova, Head of the Federal Service for Surveillance in Healthcare

11:00–11:10 Discussion

11:10–17:35 Plenary session 1

Endometriosis – diagnostics, treatment, rehabilitation

11:10–11:30 Endometriosis, adenomiosis and reproduction. Current status
Adamyan L.V., Moscow, Russia

11:30–11:50 Recurrence of endometriosis: Is there any way to bet on the Russian roulette?
S.-W. Guo, Shanghai, China

11:50–12:10	Ultrasound diagnosis of adenomyosis compared to MRI <i>I. Ota, Kurashiki, Japan</i>
12:10–12:30	Laparoscopic adeno-myomectomy and real time intraoperative ultrasound elastography guidance <i>Yo. Ota, Kurashiki, Japan</i>
12:30–12:50	Junctional zone: is it separate entity? <i>S. Gordts, Leuven, Belgium</i>
12:50–13:10	Therapy of endometriosis: pathogenesis and experience based <i>Ph. Koninckx, Leuven, Belgium</i>
13:10–13:30	The impact of new classifications and preoperative work up in the management of deep endometriosis <i>M. Malzoni, Avellino, Italy</i>
13:30–13:50	Treatment of endometriosis in adolescents. Special care for endometriotic cysts <i>A. Ussia, Rome, Italy</i>
13:50–14:10	Retroflexio uteri in patients with endometriosis and adenomyosis: analysis and consequences <i>A.D. Ebert, Berlin, Germany</i>
14:10–14:30	Prevalence of pelvic endometriosis in patients with adenomyosis <i>M. Friedman, Haifa, Israel</i>
14:30–14:45	Surgeon's view of current approaches to the treatment of endometriosis <i>Bezhenar V.F., Saint Petersburg, Russia</i>
14:45–15:00	Endometriosis in routine practice: review of clinical cases <i>Dubrovina S.O., Rostov-on-Don, Russia</i>
15:00–15:15	Endometriosis and adhesions: a modern preventive strategy <i>Yarmolinskaya M.I., Saint Petersburg, Russia</i>
15:15–15:35	The new AAGL endometriosis classification and current algorithms to treat deep endometriosis <i>M. Abrao, Sao Paulo, Brazil</i>
15:35–15:55	Adenomyosis and infertility: the algorithm of treatment and preparation to IVF <i>A. Gargiulo, Boston, USA</i>
15:55–16:10	Multiplanar reconstruction, 3D modeling, and intraoperative ultrasound navigation in the treatment of concomitant gynecological pathology in infertile women <i>Murvatov K.D., Obelchak I.S., Chernetsova A.S., Moscow, Russia</i>
16:10–16:30	Endometriosis: A chronic systemic disease <i>H. Taylor, New Haven, USA</i>

16:30–16:50 A technique for discoid bowel resection in deep infiltrative endometriosis
T. Lee, Pittsburg, USA

16:50–17:15 Adenomyosis: A riddle, wrapped in a mystery, inside an enigma
M. Munro, Los Angeles, USA

17:15–17:35 Discussion

17:35–17:50 **Keynote lecture**

Topical issues of reproductive health
Sheshko E.L., Adamyan L.V., Dolgushina N.V., Moscow, Russia

17:50–19:15 **Topical digest**

COVID-19 and its outcomes

17:50–18:10 The consequences of the pandemic on populations and individuals
V. Senikas, Ottawa, Canada

18:10–18:25 COVID-19 and pregnancy: modern possibilities and IT-technologies for the delivery of medical care in emergent situations (The Center's data)
Klimov V.A., Pekarev O.G., Ketskalo M.V., Antipov O.Yu., Silaev B.V., Nikolayeva A.V., Moscow, Russia

18:25–18:40 COVID-19 and reproductive health before and during pregnancy
Konyshova O.V., Adamyan L.V., Vechorko V.I., Kharchenko E.I., Pivazyan L.G., Moscow, Russia

18:40–18:55 COVID-19 and reproductive health: scientific progress of the Kulakov National Medical Research Center for Obstetrics, Gynecology and Perinatology
Dolgushina N.V., Krechetova L.V., Menzhinskaya I.V., Lomova N.A., Frankevich V.E., Sukhikh G.T., Moscow, Russia

18:55–19:15 Discussion

DAY 2

January 18, 2023

08:00–09:00 Master class in endoscopic surgery

L.V. Adamyan, Ph. Koninckx, M. Malzoni, A. Romeo, A. Ussia, A. Wattiez

08:00–08:30 Laparoscopy and hysteroscopy in reproductive medicine
Adamyn L.V., Moscow, Russia

08:30–09:00 The peritoneal cavity during laparoscopy: microsurgical principles and adhesion prevention
Ph. Koninckx, Leuven, Belgium

09:00–14:55 Plenary session 2

Advances in reproductive surgery

09:00–09:20 Improving intrauterine interventions for placental polyps
Salov I.A., Tashukhozhaeva D.T., Bobrovnikova E.O., Zhilnio E.Yu., Saratov, Russia

09:20–09:40 No more blind procedures
G. Bigatti, Crema, Italy

09:40–10:00 40 years of development in diagnostic and operative hysteroscopy
J. Hamou, Paris, France

10:00–10:15 Hysteroscopy for reproductive dysfunction: a debatable issue
Kozachenko I.F., Moscow, Russia

10:15–10:30 Intrauterine synechiae after myomectomy (incidence, causes, outcomes). What's new in treatment and prevention?
Shchukina N.A., Moscow, Russia

10:30–10:40 Topical issues of diagnosis and treatment of intrauterine synechiae
Dzhibladze T.A., Zuev V.M., Ishchenko A.I., Moscow, Russia

10:40–11:00 How can good surgeon preserve or improve fertility outcome?
A. Wattiez, Dubai, UAE

11:00–11:20 Up to date in office hysteroscopy and role of hysteroscopy in reproductive medicine
S. Bettocchi, Foggia, Italy

11:20–11:40 Latest updates on uterine transplantation
Sh. Puntambekar, Pune, India

11:40–12:00 Laparoscopic treatment of isthmocele: when and how
A. Setubal, Lisbon, Portugal

- 12:00–12:20** A pharmaceutical approach to maintain ovarian reserve
K. Kawamura, Tokyo, Japan
- 12:20–12:40** Interdisciplinary approach and the role of surgical treatment in addressing premature ovarian failure
Makiyan Z.N., Adamyan L.V., Antonova A.V., Menzhinskaya I.V., Tonoyan N.M., Moscow, Russia
- 12:40–12:55** Uterine scar insufficiency: new progress in the imaging technologies (3D ultrasound, elastography and functional MRI) for the selection of surgical correction method by combined access
Martynov S.A., Sukhareva T.A., Danilov Ant.A., Bychenko V.G., Moscow, Russia
- 12:55–13:10** The role of MRI modeling and intraoperative navigation in improving the treatment of uterine and vaginal malformations
Arakelyan A.S., Popryadukhin A.Yu., Bychenko V.G., Gus A.I., Moscow, Russia
- 13:10–13:25** Rare forms of ectopic pregnancy: options for preserving and restoring fertility
Kozachenko A.V., Danilov And.A., Asaturova A.V., Akinfiyev D.M., Gus A.I., Moscow, Russia
- 13:25–13:45** How uterine artery clipping can enhance teaching and outcomes of laparoscopic myomectomy
P.N. Barri Soldevila, Barcelona, Spain
- 13:45–14:00** Combined hyperplastic and proliferative uterine conditions (adenomyosis, myoma and endometrium hyperplasia) in patients of reproductive age: new approaches
Gavrilova T.Yu., Sarkisyan R.M., Asaturova A.V., Moscow, Russia
- 14:00–14:15** Uterine myoma and infertility: tactics and technical specificities of laparoscopy for large fibroids
Kiselev S.I., Moscow, Russia
- 14:15–14:30** Colorectal endometriosis. Possibilities of endoscopic surgery
Chuprynin V.D., Melnikov M.V., Buralkina N.A., Senina D.N., Moscow, Russia
- 14:30–14:55** Discussion

14:55–18:20 Plenary session 3

Contemporary robot-assisted approaches to reproductive surgery: perspectives on robotic use and surgical strategies

- 14:55–15:30 Keynote lecture**
How artificial intelligence and next generation of smart robots can improve outcomes in reproductive medicine and surgery?
J. Marescaux, Strasbourg, France

- 15:30–15:50** 20 years of Surgery U educational platform. Its role in the development of minimal invasive surgery in gynecology
A. Stepanian, Atlanta, USA
- 15:50–16:10** Role of robotics in reproductive medicine
V. Cela, Pisa, Italy
- 16:10–16:30** Development of a robotic platform for hysteroscopic surgery
T. Anderson, Nashville, USA
- 16:30–16:50** How can 3D histology help us understand adenomyosis?
K.B. Isaacson, Newton, USA
- 16:50–17:05** Robotic technologies in surgical treatment of gynecologic malformations
Komlichenko E.V., Saint-Petersburg, Russia
- 17:05–17:20** Possibilities of robot-assisted surgery in uterine myoma and endometriosis treatment
Ponomaryova Yu.N., Arakelyan A.S., Martynov S.A., Seryogin A.A., Moscow, Russia
- 17:20–17:35** Experience of robot-assisted surgery in colorectal endometriosis treatment
Popov A.A., Fyodorov A.A., Sopova Yu.I., Moscow, Russia
- 17:35–17:50** Perioperative anemia in patients with uterine myoma: a transfusiologist's point of view
Fedorova T.A., Moscow, Russia
- 17:50–18:05** MHT and thrombosis: risk management
Kirsanova T.V., Moscow, Russia
- 18:05–18:20** Discussion

DAY 3

January 19, 2023

08:00–09:00 **Young scientists' contest**

09:00–16:30 **Plenary session 4**

Relevant problems of reproductology: theory and practice

09:00–09:20 Fertility preservation: the role of assisted reproductive technologies
M. Surrey, Beverly Hills, USA

09:20–09:40 Future of reproduction technique (IVF in space?)
A. Vereczkey, Budapest, Hungary

09:40–09:55 Ovulatory dysfunction and ways to correct it in polycystic ovarian syndrome
Chernukha G.E., Kaprina E.K., Moscow, Russia

09:55–10:15 Fragile oocytes: what to do?
K. Hiraoka, Chiba, Japan

10:15–10:40 Technical break

10:40–11:00 Clinical relevance of progesterone levels in FET cycles
P.N. Barri Ragué, Barcelona, Spain

11:00–11:20 The use of platelet-rich plasma in human reproduction
L. Mencaglia, Cortona, Italy

11:20–11:40 Polygenic risks occurring in IVF
N.R. Treff, North Brunswick, USA

11:40–12:00 Accurate prediction of aneuploidy of the human blastocysts
D. Marin, North Brunswick, USA

12:00–12:20 Relevance of microbiota for human fertility
H.-R. Tinneberg, Frankfurt, Germany

12:20–12:35 ART yesterday and today. Russian Association of Human Reproduction registry data: 1995-2020
Korsak V.S., Saint Petersburg, Russia

12:35–12:50 Prospects of assisted reproductive technologies
Nazarenko T.A., Moscow, Russia

12:50–13:05	The impact of anthropogenic chemicals on reproductive health <i>Dolgushina N.V., Syrkasheva A.G., Chagovets V.V., Moscow, Russia</i>
13:05–13:20	Strategic approaches to the prevention of monogenic pathology in reproduction <i>Kogan I.Yu., Beshpalova O.N., Glotov A.S., Kiselev A.V., Saint Petersburg, Russia</i>
13:20–13:35	Importance of molecular genetic testing in infertile couples and pregnant women in the first trimester: Moscow experience <i>Martirosyan S.V., Vlasov I.S., Baranova E.E., Moscow, Russia</i>
13:35–13:50	Secondary infertility caused by cesarean scar niche <i>Savelyeva N.A., Kurtser M.A., Egikyan N.M., Moscow, Russia</i>
13:50–14:05	Platelet-rich plasma therapy for thin endometrium and Asherman syndrome <i>Korennaya V.V., Moscow, Russia</i>
14:05–14:20	Chronic endometritis and reproductive prognosis <i>Korneyeva I.E., Moscow, Russia</i>
14:20–14:35	The role of surgery in the complex treatment of premature ovarian insufficiency <i>Dementyeva V.O., Adamyan L.V., Smolnikova V.Yu., Asaturova A.V., Tonoyan N.M., Moscow, Russia</i>
14:35–14:55	One shot ultrasound fertility scan <i>D. Valsky, Jerusalem, Israel</i>
14:55–15:10	Reproductive Health Monitoring: New Management Tools <i>Bashmakova N.V., Melkozerova O.A., Khramtsova A.Yu., Okulova E.O., Ekaterinburg, Russia</i>
15:10–15:25	Reproductive health management from the perspective of the National Clinical Recommendations <i>Gasparyan S.A., Stavropol, Russia</i>
15:25–15:40	Prediction in IVF cycles: clinical practice <i>Pestova T.I., Chelyabinsk, Russia</i>
15:40–15:55	Follitropin delta in stimulation protocols with GnRH agonists <i>Medvedeva V.V., Yekaterinburg, Russia</i>
15:55–16:10	New technology of oocyte maturation by the injection of extracellular vesicles from follicular fluid <i>Makarova N.P., Kalinina E.A., Sysoeva A.P., Moscow, Russia</i>
16:10–16:25	Pregravidary preparation in male reproduction <i>Gamidov S.I., Moscow, Russia</i>
16:25–16:30	Discussion

16:30–20:20 Plenary session 5

Comprehensive approach to the prevention and treatment of benign gynecological diseases

- | | |
|--------------------|--|
| 16:30–16:50 | PCOS and reproduction
<i>A. Genazzani, Pisa, Italy</i> |
| 16:50–17:10 | Reproductive aging and extending women's health
<i>P. Patrizio, Miami, USA</i> |
| 17:10–17:25 | Prolonged estrogen intake as prevention of Alzheimer's disease
<i>Andreeva E.N., Moscow, Russia</i> |
| 17:25–17:40 | Modern approaches to the treatment of menstrual disorders in reproductive age
<i>Podzolkova N.M., Moscow, Russia</i> |
| 17:40–17:55 | Reproductive dysfunction in adolescents and young women in the era of global stress
<i>Uvarova E.V., Moscow, Russia</i> |
| 17:55–18:10 | New ways of non-hormonal correction of menopausal syndrome
<i>Smetnik A.A., Moscow, Russia</i> |
| 18:10–18:25 | Algorithm for controlling bleeding caused by MHT
<i>Yureneva S.V., Moscow, Russia</i> |
| 18:25–18:45 | New evidence to perform laparoscopic robotic hysterectomy for cervical cancer
<i>J. Magrina, Phoenix, USA</i> |
| 18:45–19:05 | Two FIGO AUB Classifications (PALM-COEIN). The role in research, education and clinical care
<i>M. Munro, Los Angeles, US</i> |
| 19:05–19:20 | Conservative treatment options for uterine myoma
<i>Balan V.E., Moscow, Russia</i> |
| 19:20–19:35 | Submucosal uterine leiomyomas: problems and solutions
<i>Tikhomirov A.L., Moscow, Russia</i> |
| 19:35–19:50 | Clinical and immunological features of women with uterine leiomyoma proliferation
<i>Malyshkina A.I., Sotnikova N.Yu., Voronin D.N., Malyshkina D.A., Ivanovo, Russia</i> |
| 19:50–20:05 | Vaccine against myoma: myth or reality?
<i>Kuznetsova M.V., Tonoyan N.M., Trofimov D.Yu., Moscow, Russia</i> |
| 20:05–20:20 | Discussion |

DAY 4

January 20, 2023

08:00–09:00 Master class in endoscopic surgery

L.V. Adamyan, Ph. Koninckx, M. Malzoni, A. Romeo, A. Ussia, A. Wattiez

08:00–08:30 Basic and important knowledge in laparoscopic surgery
A. Wattiez, Dubai, UAE

08:30–09:00 ULTRA-LAP trial: feasibility and safety of multi-visceral debulking in ovarian cancer
R. Tozzi, Padova, Italy

09:00–12:20 Plenary session 6

Reproductive aspects of oncogynecology. Prevention of oncological diseases

09:00–09:15 Treatment of early cervical cancer in women of reproductive age: chemoradiation vs. surgery
R. Tozzi, Padova, Italy

09:15–09:35 What is not considered in the treatment of malignant conditions in reproductive medicine?
Ashrafyan L.A., Moscow, Russia

09:35–09:55 Do we have to change fertility sparing therapy according to new ESGO cervical cancer guideline?
Ch. Köhler, Hamburg, Germany

09:55–10:15 Fertility sparing techniques in radiation oncology
S. Marnitz, Berlin, Germany

10:15–10:30 Possible ways to preserve reproductive function in borderline ovarian tumors
Khabas G.N., Ovodenko D.L., Moscow, Russia

10:30–10:45 Malignant tumors during pregnancy. Latest changes in Russian and international guidelines
Komlichenko E.V., Saint-Petersburg, Russia

10:45–11:00 Ways to assess breast cancer risk and monitor menopausal hormone therapy
Yureneva S.V., Moscow, Russia

11:00–11:15 New diagnostics, treatment, and prevention of HPV-associated cervical diseases
Prilepskaya V.N., Moscow, Russia

11:15–11:30 Common mistakes in the diagnosis and treatment of severe CIN and invisible cervical cancer
Korolenkova L.I., Moscow, Russia

11:30–11:45 Possibilities of HSIL and cervical cancer molecular diagnostics
Kayukova E.V., Belokrinitskaya T.E., Chita, Russia

11:45–12:00 Implementation of CC secondary prevention programs in Russia: problems and solutions
Olkov I.G., Grishina N.K., Moscow, Russia

12:00–12:20 Discussion

12:20–15:25 **Plenary session 7**

Preventive approaches to preserving women's health

12:20–12:35 The evolution of contraception and woman's reproductive health
Prilepskaya V.N., Moscow, Russia

12:35–12:50 The new era of hormonal contraception: talking about a new medication
Kasyan V.N., Moscow, Russia

12:50–13:05 Transition from peri- to post-menopause: a period of changes
Yureneva S.V., Moscow, Russia

13:05–13:20 Low-dose LNG-IUD for young women: what are the first results?
Bezhenar V.F., Saint Petersburg, Russia

13:20–13:35 Problems of perimenopause and their solution: gestagens? COC? MHT?
Smetnik A.A., Moscow, Russia

13:35–13:50 Differential approach to androgen-dependent dermatopathy in the practice of an obstetrician-gynecologist
Yarmolinskaya M.I., Saint Petersburg, Russia

13:50–14:05 Bacterial and viral infections and women's reproductive health
Bayramova G.R., Moscow, Russia

14:05–14:20 Therapeutic and diagnostic tactics in PID. What's new in antibiotic therapy at the outpatient treatment?
Khashukoeva A.Z., Moscow, Russia

14:20–14:35 Ways to address antibiotic resistance in the practice of a reproductologist
Apolikhina I.A., Moscow, Russia

14:35–14:50 Characteristics of the species composition of Lactobacillus spp. in recurrent bacterial vaginosis
Pestrikova T.Yu., Kotelnikova A.V., Yurasova E.A., Khabarovsk, Russia

14:50–15:05 Vaginal infections. Rational ways to solve therapeutic failures
Zefirova T.P., Kazan, Russia

15:05–15:25 Discussion

15:25–18:45 Plenary session 8

Risks of pregnancy loss and how to deal with them

15:25–15:45 Prevention and management of miscarriage: update on hyperglycemic conditions in pregnancy
G.C. Di Renzo, Perugia, Italy

15:45–16:05 Specific aspects of multiple gestation
B. Arabin, Berlin, Germany

16:05–16:20 Continuum “threatened miscarriage – premature birth”. Evidence-based prevention and treatment
Khodzhaeva Z.S., Moscow, Russia

16:20–16:35 Miscarriage in 2023: Russian and international data on outcomes improvement
Tetruashvili N.K., Moscow, Russia

16:35–16:50 The role of infections in pregnancy loss
Kan N.E., Tyutyunnik V.L., Moscow, Russia

16:50–17:05 New approaches to the prevention of complications in women with a high risk of infections
Kuzmin V.N., Moscow, Russia

17:05–17:20 C-section scar insufficiency syndrome: mechanisms of formation and prediction of reproductive outcomes
Ignatko I.V., Moscow, Russia

17:20–17:35 Intrauterine surgery for multiple pregnancy complications
Kostyukov K.V., Gladkova K.A., Moscow, Russia

17:35–17:50 Stress in pregnant women and its impact on perinatal outcome. How does the gynecologist handle it?
Zefirova T.P., Kazan, Russia

17:50–18:05 HELLP syndrome: clinical picture and prediction
Timokhina E.V., Strizhakov A.N., Fedyunina I.A., Moscow, Russia

18:05–18:20 Management tactics for pregnant women with iron deficiency
Bezhenar V.F., Saint Petersburg, Russia

18:20–18:35 Russian model of a double-balloon catheter (hemostator) for prevention and treatment of postpartum hemorrhage
Shneiderman M.G., Baev O.R., Nikolaeva A.V., Naberezhnev Yu.I., Mikheeva A., Shmakov R.G., Moscow, Russia

18:35–18:45 Discussion

18:45 Congress closing

- Gennady Sukhikh, Director of the National Medical Research Center for Obstetrics, Gynecology and Perinatology
- Leila Adamyan, Deputy Director of the National Medical Research Center for Obstetrics, Gynecology and Perinatology, Head Specialist in Gynecology, Ministry of Health of Russia
